### **Slides that offer background to the session.**

[Search Education Hub](#)--Lesson plans, AGoogleADay, Power Searching. If you are interested in the lesson plans, you can see the spread of content and the CCSS, AASL, and ISTE standards most easily with the [Lesson Plan Map](#).

[Operators Quick Guide](#) (mousepad)

[Quick Reference Guide](#) (From *Power Searching* courses - 3 pages)

[Power Searching with Google](#)--Massive open online courses (MOOCs) helping to enhance your search skills. The original [Power Searching with Google](#) is six groups of short videos (or text versions of the videos, if you prefer) followed by small activities to solidify learning. [Advanced Power Searching](#) focuses on solving multi-step research questions, and was designed with researchers in mind. See a summary on the three-page [Quick Reference Guide](#).

[Creating Professional Development for Search](#) Google+ online community for people who teach about search. Teaching other educators, but also students directly.

["Building Good Search Skills: What Students Need to Know"](#) Mindshift, KQED.

[MOOCs and Librarianship list](#)

[Research Career Fair](#) A series of brief Hangouts in which professionals discuss their career paths and how research skills help them succeed.
